

Utah NNSR Certification for the 2015 Ozone National Ambient Air Quality Standard

The Utah Division of Air Quality (UDAQ) is providing the following information to certify that Utah's current federally approved nonattainment new source review program meets the 2015 Ozone National Ambient Air Quality Standard requirements as adopted in 40 CFR 51.1314. Specifically, UDAQ is certifying that the requirements in 40 CFR 51.165 and Sections 182(a)(2)(c) and 182 (a)(4) of the Clean Air Act have been met.

Utah rule *R307-401. Permit: New and Modified Sources* is the rule which meets the permitting requirements of 182(a)(2)(c) and Utah rule *R307-403. Permit: New and Modified Sources in Nonattainment Areas and Maintenance Areas* is the rule which implements the Nonattainment Area New Source Review Permit Program as required of Section 182(a)(4) and 40 CFR 51.165. The aforementioned rules, R307-401 and R307-403, will be attached to this document for review.

UDAQ is opening this certification for public comment beginning May 28, 2021. Public comments may be emailed to lthraikill@utah.gov. The public comment period will be open from May 28, 2021, to July 1, 2021. A public hearing will be scheduled for July 1, 2021. If a public hearing is not requested to Liam Thraikill at lthraikill@utah.gov by 11am MDT on June 30, 2021, the public hearing will be canceled.

Public hearing details: July 1, 2021, 11am MDT
